

**THE
JOURNAL
OF THE
ACADEMY
OF
REHABILITATIVE
AUDIOLOGY**

The Academy of Rehabilitative Audiology each summer holds an Institute for members of the Academy and others interested in habilitative/rehabilitative audiology. The theme of each Institute is determined by the Executive Committee. An attempt has been made to address issues that are presently before the profession of audiology. The presentations and reports in this issue of the proceedings addressed the topic: *Audiologic Rehabilitation: Retrospection and 10 Year Projection*. The 1982 ARA Summer Institute was held at Big Canoe, Georgia, June 13-16.

This issue of the journal is possible due to a grant from
