The Academy of Rehabilitative Audiology (ARA) each summer holds an Institute for members of the Academy and others interested in habilitative/rehabilitative audiology. The major theme for each Institute is determined by the Executive Committee. An attempt is made to address issues that are presently before the profession of audiology. The major theme for the 1989 ARA Summer Institute was: *Commonly Seen Uncommon Problems*. This Institute was held at the Lakeway Resort and Conference Center, Austin, TX, June 8-11, 1989. Information about the 1990 ARA Summer Institute is provided below.
